

As the library addition nears completion, the staff would like to expand and upgrade our services. We're offering an opportunity for our valued patrons and supporters to be recognized as donors with an engraved brick program. Your contribution will go toward funding items such as computing equipment and supplies for our adult and children's gardening programs.

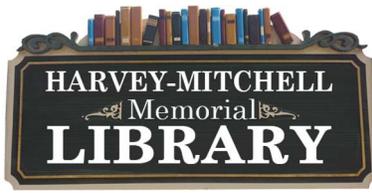

As you are probably aware, the old exterior back doorway is no longer functional. This currently empty space has room for approximately 50 bricks from the same batch used for the addition and will be engraved as the donor wishes.

Patty Laughlin, owner of Lorax Landscaping, donated a full landscape design for the library grounds that includes beautiful, environmentally friendly, low maintenance, native species. The design includes a patio seating area on the front of the library with plenty of space provided for engraved bricks as well.

The layout of the bricks for the wall will be determined by the order in which the requests are received. The brick on first engraving order form received will be located at the center of the space and subsequent orders will be progressively located above and below the earlier bricks. The layout of the patio bricks will also be sequentially placed based upon the date of the orders.

Please complete the attached form indicating your preference for a brick in the back wall or front seating area. Please mail the form with a check or drop them at the library. A \$100 donation will be recognized with a brick on the back wall and a \$50 donation will be recognized with a brick in the patio.

Thank you for your support and consideration,
Friends of the Library
