### **Treasurer's Report:**

The auditor says everything is all set for last year. The report doesn't have payroll on it for this year yet. No donations. The town wrote us a check at the beginning of the year and now that the budget passed they will write another check for the balance.

### **Director/Youth Report**

February 2020 was a normal month but the stats would have been done for the March 2020 meeting which we didn't have. Attendance for February was better than January, the digital use was way up, There are two book clubs going now and a third one starting up and they are driving up ILL. Overdrive is most of digital usage, Canopy comes in second. Computer use has climbed and still climbs in March. We were closed for two days in February, one snow day and President's Day. Programs like yoga and story time have been well attended and meeting room usage is up again.

Irish harp orchestra concert this week, it is a full program as of right now, you can get on an overflow list. Friends of the Library and Community Art Center is doing an art challenge, kits will be displayed in the library and there will be a people's choice contest.

Eunice Miller had an art show in February and her art is still on display in the library. It was very well attended.

### **Other business**

Charlie still plans on helping to complete the patio bricks. The plan is to get rid of one raised bed because it grew up in front of the door, it will be replaced with patio furniture. Ben is meeting with the Friends about spending money on shelves or on a piece of art.

Motion to adjourn at 7:16 by Joan, seconded by Betsy, unanimously approved.
